DOMESTIC SECTION 214 APPLICATION FILED FOR TRANSFER OF CONTROL OF VERESTAR, LLC AND VERESTAR NETWORKS, LLC FROM AMERICAN TOWER CORPORATION TO RARE MEDIUM GROUP, INC

STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 03-215

On September 15, 2003, Verestar, Inc., Verestar, LLC, Verestar Networks, Inc.; Verestar Networks, LLC; American Tower Corporation (American Tower); and Rare Medium Group, Inc. (Rare Medium) (collectively, the Applicants) filed an application, pursuant to sections 63.03 and 63.04 of the Commission's rules,¹ to transfer control of Verestar, LLC and Verestar Networks, LLC from American Tower to Rare Medium.²

Applicants assert that the proposed transaction is eligible for presumptive streamlined treatment under section 63.03(b)(1)(ii) because the transferee and its affiliates do not provide telecommunications services.

Verestar Networks, Inc. is a wholly-owned direct subsidiary of Verestar, Inc. Verestar, Inc. and Verestar Networks, Inc. each provide both facilities-based and resold domestic and international telecommunications services to customers in the United States. Verestar, Inc. is a direct wholly-owned subsidiary of American Tower. American Tower's primary business is constructing and leasing space on telecommunications towers. Other than the section 214 authorizations held by Verestar, Inc. and Verestar Networks, Inc., American Tower and its subsidiaries do not hold any section 214 authorizations.³

¹ 47 C.F.R. §§ 63.03, 63.04, *see* 47 U.S.C. § 214

² Applicants have also filed transfer of control applications related to international and wireless services. Any action on this domestic section 214 application is without prejudice to Commission action on other related pending applications.

³ At one time, American Tower Systems, L.P. (now American Tower, L.P.), a subsidiary of American Tower, held a section 214 authorization to provide international telecommunications service. File No. ITC-T/C-

Verestar, Inc. will be converted into Verestar, LLC for the purpose of carrying out the transaction described herein. Initially, Verestar, LLC will exist as a wholly-owned direct subsidiary of American Tower. Following consummation of the proposed transfer of control, Verestar, LLC will exist as an indirect subsidiary of Rare Medium. Rare Medium's primary business is working with entrepreneurial satellite communications companies. Rare Medium will hold its interest in Verestar, LLC (amounting to 66.67 percent of Verestar, LLC) through its wholly owned subsidiary Verestar Manager, LLC. The remaining 33.33 percent interest in Verestar, LLC will be held by American Tower.

Verestar Networks, Inc. will be converted into Verestar Networks, LLC for the purpose of carrying out the transaction described herein. Verestar Networks, LLC will exist as a wholly-owned direct subsidiary of Verestar, LLC. Therefore, initially, Verestar Networks, LLC will exist as a wholly-owned indirect subsidiary of American Tower. Following consummation of the proposed transfer of control, Verestar Networks, LLC will exist as an indirect subsidiary of Rare Medium.

On August 29, 2003, American Tower, Verestar Manager, LLC, and Verestar, Inc. entered into a Securities Purchase Agreement (Agreement) pursuant to which Verestar Manager will acquire 66.67 percent of the membership interests of Verestar, LLC and American Tower will retain 33.33 percent of the membership interest of Verestar, LLC.⁴ Rare Medium has committed to make substantial funding available to Verestar, LLC in accordance with the terms of a Note Purchase and Revolving Credit Agreement. After the proposed transfer of control is consummated, Verestar, LLC and Verestar Networks, LLC will continue to operate as they had been operating.

The Applicants assert that the proposed transaction will serve the public interest by providing much needed funding to Verestar for it to continue providing service to its customers. In addition, Rare Medium will bring its experience working with entrepreneurial satellite communications companies to Verestar in order to expand the range of services Verestar provides its existing customers and to expand the customer base of Verestar. Without the many benefits that will flow from this transaction, Verestar may not be able to continue as a going concern. The Applicants further assert that the proposed transaction is expected to enhance competition in the telecommunications marketplace.

19980528-00353. On July 30, 1999, it notified the Commission of the *pro forma* assignment of the authorization to ATC Teleports, Inc. (now Verestar, Inc.). The notification was never processed by the Commission. On August 8, 2003, American Tower, L.P. and Verestar, Inc. asked the Commission to process the July 30, 1999 notification and informed the Commission of the name change from ATC Teleports, Inc. to Verestar, Inc.

⁴ Although American Tower will hold only a Warrant exercisable for 33.33 percent of the membership interests in the Verestar, LLC, the terms of the operating agreement for Verestar, LLC require that the parties treat that Warrant as exercised.
